The poorest children, young people and families have healthy, active, enriching school holidays where they:

- Have safe, non-stigmatising places to go for positive activity
- Have a healthy meal
- Are active every day
- Spend time with their friends
- Develop new skills, knowledge and confidence
- Are ready to return to school, college or to move on to work
- Are supported with healthy recipes and cooking on a budget
- **Have the opportunity to continue participating in positive activities including sport and physical activity beyond the holidays**
