

Premier Education HAF Enrichment Offer 2025

Please see an explanation of our enrichment offering below which you may be interested in utilising to help support and enhance your HAF provision.

Who are Premier Education?

We're physical activity and school delivery experts part of a national network providing provision all year round. Our delivery staff members are fully qualified with vast experience coaching a variety of structured sessions in schools. Additionally, they have all relevant training and checks (including enhanced DBS) making them accessible to work with children in your setting.

Our offer

As an experienced HAF provider, we have improved our enrichment offering year on year which not only engages children who attend our HAF camps but also encourages repeat bookings for future camps. A key strength of our programme is the diverse range of enrichment activities we offer such as:

Physical activity sessions

- Archery
- Fencing
- Tchoukball
- Quidditch
- Indoor Kurling and Boccia
- Gaelic Football

Social and discussional sessions

- Nutrition
- Game of Actual Life (GOAL) programme for 7 years and older
GOAL is a fun, interactive approach to life skills, where children role-play as 22-year-olds navigating adult responsibilities. Topics include managing finances, paying taxes, choosing a career, home ownership or renting, caring for a pet, and more. These engaging scenarios help develop essential life skills while encouraging communication and fostering a better understanding of diverse viewpoints among peers.

Multi Activity Approach: CPD Opportunities for you and your staff

- Our staff member can set up fun and interactive team games such as Capture the Flag, Crossover, Hula House Dodgeball and other classic games which are guaranteed sessions children will want to do over and over again and which you can then continue delivering yourselves.

Costs

Our cost is £180 + VAT per day (4 hours delivery) which includes travel and equipment usage. We can conduct up to two enrichment activities per day (restricted due to transportation of equipment)

Further information

We can work with groups of up to 20 per session so you can structure your timings depending on numbers so children get a slot each participating in the activity. If requesting Archery or Fencing then these group sizes are reduced to 16

How to book

Please contact Michael Brennan direct providing your venue post code, activities and dates of delivery, mbrennan@premier-education.com
